The minimum top-up premium is Rs. 5,000 and at any point the total top-up premiums paid cannot exceed the total basic premiums paid to date, subject to our then current underwriting guidelines, your Top-up Sum Assured will be equal to 125% of the top-up premium paid at that time.

Top-up premium once paid cannot be withdrawn for 5 years except in case of complete withdrawal of policy.

Premium Allocation Percentage

Depending upon the investment option selected by you – Systematic Transfer Option, LifeCycle Option or Self-Managed Option - the premium allocation percentage is shown in Policy Schedule and specifies the percentage of each basic premium and top-up premium that will be allocated to a particular segregated fund.

Policy Discontinuance

We recommend you pay each instalment premium on or before its due date. However, you are given a grace period of 30 days (15 days in case the premium is paid monthly) to pay the due instalment premium without incurring any penalty, during which all the benefits will continue inclusive of the risk cover and deduction of charges.

If we do not receive the entire due instalment premium by the end of the grace period, the following provisions shall apply:

A. Discontinuance during the first five policy years:

- a) Upon expiry of the grace period, in case of discontinuance of policy due to non-payment of premium anytime during the first five policy years, the Policy fund value after deducting the applicable discontinuance charges as below shall be credited to the discontinued policy fund and the risk cover, if any, shall cease.
- b) All such discontinued policies shall be provided a revival period of three years from due date of first unpaid premium. On such discontinuance, ABSLI shall communicate the status of the policy, within three months of the due date of first unpaid premium, to the policyholder and provide the option to revive the policy within the revival period of three years.
 - i. In case the policyholder opts to revive but does not revive the policy during the revival period, the policy fund value in the discontinued policy fund shall be paid to the policyholder at the end of the revival period or lock-in period whichever is later. In case of revival period ending after lock-in period, the policy fund will remain invested in the discontinued policy fund till the end of revival period. The Fund management charges of discontinued policy fund will be applicable during this period and no other charges will be applied.
 - ii. In case the policyholder does not exercise any option as set out above, the policy shall continue without any risk cover, if any, and the policy fund value shall remain invested in the discontinued policy fund. At the end of

the lock-in period, the policy fund value in the discontinued policy fund shall be paid to the policyholder and the policy shall terminate.

- iii. However, the policyholder has an option to surrender the policy anytime and then policy fund value in the discontinued policy fund shall be payable at the end of lock-in period or date of surrender whichever is later

The income earned in the Linked Discontinued Policy Fund net of fund management charge of 0.50% p.a. will be subject to a minimum guaranteed interest rate as prescribed by IRDAI. Currently, such minimum guaranteed interest rate is 4% per annum.

Where the policyholder revives the policy, the policy shall be revived restoring the risk cover, along with the investments made in the segregated funds as chosen by the policyholder, out of the discontinued policy fund, less the applicable charges as in Part E of the terms and conditions of this policy.

ABSLI, at the time of revival:

- i) Shall collect all due and unpaid premiums without charging any interest or fee.
- ii) Shall levy policy administration charge and premium allocation charge as applicable during the discontinuance period. No other charges shall be levied.
- iii) Shall add back to the policy fund, the discontinuance charges deducted at the time of discontinuance of the policy.

In situations as per the policy discontinuance provision, where the company has transferred the policy fund value net of discontinuance charge to the Linked Discontinued Policy Fund, the policy fund value will be immediately released to the nominee in case of earlier death of life insured.

B. Discontinuance of the policy after completion of five policy years:

- i. Upon expiry of the grace period, in case of discontinuance of policy due to non-payment of premium after lock-in period, the policy shall be converted into a reduced paid up policy with the paid-up sum assured i.e. original sum assured multiplied by the total number of premiums paid to the original number of premiums payable as per the terms and conditions of the policy. All charges as per terms and conditions of the policy shall be deducted during the revival period. However, the mortality charges shall be deducted based on the reduced paid up sum assured only.
- ii. On such discontinuance, ABSLI shall communicate the status of the policy, within three months of the first unpaid premium, to the policyholder and provide the following options:
 1. To revive the policy within the revival period of three years, or
 2. Complete withdrawal of the policy.
- iii. In case the policyholder opts to revive the policy but does not revive the policy during the revival period, the policy fund value shall be paid to the policyholder at the end of the revival period.
- iv. In case the policyholder does not exercise any option as set out above, the policy shall continue to be in reduced paid up status. At the end of the revival period the policy fund value

shall be paid to the policyholder and the policy shall terminate.

- v. However, the policyholder has an option to surrender the policy anytime and then the policy fund value shall be payable.

Where the policyholder revives the policy, the policy shall be revived restoring the original risk cover in accordance with the terms and conditions of the policy.

ABSLI, at the time of revival:

- i. Shall collect all due and unpaid premiums under base plan without charging any interest or fee.
 - ii. Shall levy premium allocation charge as applicable.
- No other charges shall be levied.

Revival

You can revive your policy within a revival period of three years from the discontinuance date. To revive the policy, you must pay all due and unpaid basic premiums till date and provide us with evidence of insurability satisfactory to us with respect to the Life Insured. The effective date of the revival is when these requirements are met and approved by us. On the effective date of the revival, we shall follow the approach as mentioned in the Policy Discontinuance Section.

Surrender Benefit

At any time while your policy is in effect, you can request to surrender this policy for its Surrender Benefit. Any such surrender will be treated according to the complete withdrawal as mentioned in Policy Discontinuance provisions.

Policy Paid-Up

Under the paid-up status, the policy will continue till the end of the revival period with the following modifications:

- (a) Basic Sum Assured shall be reduced in proportion to the installment premiums actually paid to the total installment premiums payable during the premium paying term.
- (b) Mortality charges will be deducted for the reduced sum at risk and other policy charges will remain unchanged.

If the policy is not revived before the end of the revival period, the policy shall terminate as per the Policy Discontinuance Provision.

Termination of Policy

Your policy will terminate at the earliest of:

- (a) the date on which the lock-in period or revival period if applicable, whichever is later ends after your policy is discontinued and not been revived as per Policy Discontinuance Provision; or
- (b) the date the Policy Fund Value becomes zero; or

Top-up premiums made after the premium paying term shall be allocated directly into the chosen Transfer Fund.

For the **LifeCycle Option**, we will allocate your premiums in Maximiser and Income Advantage segregated funds in a predetermined proportion based on your selected risk profile and your attained age when the premium is received. The proportion invested in Maximiser will be according to the given schedule – the remaining amount will be invested in Income Advantage.

Segregated Fund

A segregated fund is a specific and separate fund managed for the exclusive interest of all policyholders sharing the same segregated fund.

The company has sole discretion on the investment and management of each segregated fund within the limits defined in Schedule A given below. The allocation of units in the segregated fund under this policy is notional and is solely for the purpose of determining the Policy Fund Value.

Investment Risk

An investment by you in any segregated fund is subject to market and other risks. Other than the explicit guarantees provided by us, there is no assurance that the objectives of any segregated fund will be achieved.

The unit price of any segregated fund may increase or decrease as per the performance of the financial markets. The past performance of any segregated fund offered by us in this policy or otherwise does not indicate the future performance of any segregated funds. The name/s of the segregated fund/s and that of the policy do not in any way indicate the quality of the returns that can be expected from the segregated fund/s.

Segregated Fund Valuation

We usually determine the value of each segregated fund at the end of every business day. The net asset value (NAV) is determined based on (the market value of investments held by the fund plus the value of any current assets less the value of any current liabilities & provisions) divided by the number of units existing at valuation date (before creation or redemption of any units)

This unit price will be published on our company's website.

Segregated Fund Unit Allocation and Unit Redemption

On each business day, the cut-off time is 3 p.m. by which time we must have received and accepted your instructions to invest in, or encash units from an segregated fund. Instructions accepted by us up to the cut-off time are executed using the unit price we determine at the end of that business day. Instructions accepted by us after the cut-off time will be executed using the unit price determined by us at the end of the next business day.

Instruction to invest is deemed accepted by us when we receive cash, demand draft or local cheque at any of our offices by duly authorized officials. For outstation cheque, instruction to invest is deemed accepted by us only on the day we receive credit in any of our bank accounts.

The number of units allocated equals the monetary amount invested in a segregated fund divided by its unit price at that time. Units are allocated when we receive a premium or when we execute your request to switch units from another segregated fund (as applicable to your policy).

The number of units redeemed equals the monetary amount encashed from a segregated fund divided by its unit price at that time. Units are redeemed when we execute your request for a partial withdrawal or when we execute your request to switch units to another segregated fund (as applicable to your policy). In case of partial withdrawals, units will be redeemed from all segregated funds under your policy in proportion to their value at that time.

On each monthly processing date, policy charges will be covered by redeeming units from all segregated funds under your policy in proportion to their value at that time. In case a Guaranteed Addition is added to your policy, units will be allocated to all segregated funds under your policy in proportion to their value at that time. For the purpose of this paragraph, we will use the latest unit prices available.

Termination of your policy, for any reason, will result in the redemption of all units in all segregated funds under your policy at the time.

15 SECTION 41 AND 45 OF THE INSURANCE ACT, 1938

Section 41 of Insurance Act, 1938, as amended from time to time: No person shall allow or offer to allow either directly or indirectly, as an inducement to any person to take out or renew or continue an insurance in respect of any kind of risk relating to lives or property in India, any rebate of the whole or part of the commission payable or any rebate of the premium shown on the policy, nor shall any person taking out or renewing or continuing a policy accept any rebate, except such rebates as may be allowed in accordance with the published prospectus or tables of the Insurer. Any person making default in complying with the provisions of this section shall be punishable with a fine which may extend to ten lakh rupees.

Extraction of Section 45 of the Insurance Act, 1938, as amended from time to time: No policy of Life Insurance shall be called into question on any ground whatsoever after the expiry of three years from the date of policy. A policy of life insurance may be called into question at any time within three years from the date of policy, on the ground of fraud or on the ground that any statement of or suppression of a fact material to the expectancy of the life of the insured was incorrectly made in the proposal or other document on the basis of which the policy was issued or revived or rider issued. The insurer shall have to communicate in writing to the Insured or legal representative or nominees or assignee of the insured, the grounds and materials on which such decision is based. No insurer shall repudiate a life insurance policy on the ground of fraud if the insured can prove that the misstatement or suppression of material fact was true to the best of his knowledge and belief or that there was no deliberate intention to suppress the fact or that such misstatement or suppression are within the knowledge of the insurer. In case of fraud, the onus of disproving lies upon the beneficiaries, in case the policyholder is not alive. In case of repudiation of the policy on the ground of misstatement or suppression of a material fact and not on the grounds of fraud, the premiums collected on the policy till the date of repudiation shall be paid. Nothing in this section shall prevent the insurer from calling for proof of age at any time if he is entitled to do so, and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof that the age of the life insured was incorrectly stated in the proposal. For complete details of the section and the definition of date of policy, please refer Section 45 of the Insurance Act, 1938, as amended from time to time.

How to read and understand this benefit illustration?

This benefit illustration is intended to show what charges are deducted from your premiums and how the unit fund, net of charges and taxes, may grow over the years of the policy term if the fund earns a gross return of 8% p.a. and 4% p.a. These rates, i.e. 8% p.a. and 4% p.a., are assumed only for the purpose of illustrating the flow of benefits if the returns are at this level. It should not be interpreted that the returns under the plan are going to be either 8% or 4% p.a. The actual returns may be higher or lower than the assumed rates. The illustration is based on the Net Yield. Please note that the mortality charges, underwriting extra, if any, guarantee charges and cost of riders, if deducted by cancellation of units. It demonstrates the impact of charges exclusive of taxes on the Net Yield. Please note that the mortality charges per thousand Sum Assured in general, increases with age. The illustration is based on the Net Yield. Please note that the mortality charges, underwriting extra, cost of riders, etc. The investment risk in this policy is borne by the policyholder; hence, for more details on terms and conditions please read sales literature carefully.

Part A of this statement presents a summary view of year-by-year charges deducted under the policy fund value, surrender value and the death benefit, at two assumed rates of return. Part B of this statement presents a detailed break-up of the charges, and other values.

LIFE INSURANCE

Aditya Birla Sun Life Insurance Company Limited

In "Your Sales Illustration" Policy Values are as of year end and assume:

- Premiums are paid when due.
- No withdrawal is made.
- No underwriting extra.
- Current rates of taxes, levies and policy charges remain unchanged.
- GST and levies have been considered as per the current tax laws and prevailing practices of the Company.

Some benefits are guaranteed and some benefits are variable with returns based on future performance of the Investment Funds managed by ABSLI. For the purpose of this illustration, we have used 8% and 4% as the higher and lower rates of investment returns respectively, in the calculations. Hence the table of policy values shows benefits at two different rates of assumed future investment returns. These assumed rates of return are in accordance with the guidelines issued by the Life Insurance Council and are not guaranteed. They are not the upper or lower limits of what you might get back, as the value of your policy is dependent on a number of factors including future investment performance.

All Unit Linked Life insurance plans are different from Traditional insurance plans and are subject to different risk factors. The name of the investment funds and that of this plan do not in any way indicate the quality of the plan or future returns. Investment funds are subject to investment risks associated with the capital markets and unit prices may go up or down reflecting the market value of the underlying assets. Past performance is no guarantee of future results.
